

CAD Tutorial - 2

Purpose: Introduce you to more advanced geometry creation techniques used in solid modeling.

Importance: See [Introduction To Solid Modeling](#). (Link provided on the section page)

What to hand in: Copies of all files you create during the tutorial.

Software: Though you do not need to do this for lab, you may load SolidWorks® or Pro/ENGINEER® on your home/dorm computer. This might save trips to campus late at night.

SolidWorks® is a registered trademark of SolidWorks Corporation.
Pro/ENGINEER® is a registered trademarks of Parametric Technology Corporation or its subsidiaries in the U.S. and in other countries.
