| Rehearsal Notes: Please be on time for rehearsals; time before the show is really running low 1.1- Allow Tim and Jeff to be edgy with each other; this is a new type of attitude from Jeff. Jeff, be serious and remember who you are talking to. Buff and Tim coverge on Jeff after his 'ideas' moment. Roller coaster: tension, diffusion, tension, diffusion. Tim: don't forget to ask why Fred is in the hospital. Review lines like your life depends on it this weekend; it'll be fun. Also, make sure you know both your lines AND your cues so that order doesn't get screwed up. | Properties: -Can we make sure to have something to go in Norman's red bowl? |
| | Set: There's a store on the stage! Thanks Mike, Will, Yuri, Eric, and anyone else who played with panels and power tools all morning/afternoon. |

| Schedule: | Misc.: Please watch out for mousetraps audience left and directly under the front of the stage, and let Sarah or Will know if you notice that the traps have been effective. |
